35 Blue Springs Police Dept

Agency Public Comments:

The City of Blue Springs is in The Kansas City Metropolitan area along Interstate 70 and US 40 Highways. This route is heavily traveled between Kansas City and St. Louis with both in State and out of State travelers. Within the City, and near the Interstate 70 corridor, are many restaurants and retail businesses to include a large shopping complex at Interstate 70 and Adams Dairy Parkway. In addition, the Blue Springs School District attracts a large number of students and visitors who are not actual residents of the City. These daily travelers greatly affect the population levels outside of those reflected in the State population estimates of drivers 16 and over, which in turn has an impact on the disparity index. The City of Blue Springs Police Department has made a strong commitment to protect citizens, both residents and non-residents, from racially motivated or bias based profiling. In addition to the mandatory annual Racial Profiling training required by the State of Missouri, the members of the Blue Springs Police Department, both sworn and civilian, have been given additional POST certified training in this area.

Agency Public Comments:

The City of Bridgeton is in northwest St. Louis County with a portion of St. Louis Lambert International Airport within its boundaries. The city has a relatively low population for its 15 plus square mile footprint. There are three major highways; namely, I-70, I-270, Hwy 370, and US 67 that run through the city. Also, St. Charles Rock Road and Natural Bridge Road are major thoroughfares which also run through the City of Bridgeton. The city has a large retail/commercial/manufacturing presence within its boundaries which accounts for a large amount of non-resident motorist traveling to work within the city. These businesses include Walmart, The Home Depot, Target, Kohls, Hussmann, DePaul Hospital and Davidson to name a few. Because of the proximity to the airport, the City of Bridgeton is home to 12 hotels/motels which account for a large transient population.

Hwy. 171, which is a major highway connecting Southeast Kansas and Southwest Missouri, goes through our city. It connects with Hwy. 49 to Arkansas, and Hwy. 71 to Kansas City, It is also the main road between Pittsburg State University in Kansas to Joplin, Missouri. Due to this corridor there is a much larger percentage of all races/ethnicities passing through that is not reflected in our city population.

91 Clay County Sheriff's Dept

Agency Public Comments:

92 Clayton Police Dept

Agency Public Comments:

As the County Seat, Clayton is home to the St. Louis County courts, Government Center, the Justice Center, and many other social services. Clayton is also home to major corporations, two universities, and a destination for restaurants and retail businesses. As a hub of economic, governmental, and educational activity for the entire region, Clayton welcomes diverse visitors to the community. The daytime population of Clayton increases substantially due to these activities and amenities. Clayton also borders two diverse communities in St. Louis City and University City. Based on these characteristics, the use of Clayton's residential population is an inadequate method for measuring disparities in traffic stops. In 2023, no complaints of racial profiling were received against Clayton officers. Traffic stops in Clayton also resulted in very few Resisting Arrest charges, which validates the officers' professional demeanor and ability to de-escalate. Additionally, Clayton officers receive training to prevent the arbitrary use of investigative stops, pretextual stops, consent searches, and intrusive questions. Clayton officers also receive training in Implicit

Bias and Procedural Justice.

Agency Public Comments:

116 Des Peres Police Dept

Agency Public Comments:

In regards to the 2023 Vehicle Stops Report, I wish to provide the following information to help the reader better understand the data as it relates to the City of Des Peres. The residential demographics of Des Peres is not reflective of the motoring public demographics within the city limits. The City of Des Peres is the crossroads for two of the busiest highways in St. Louis County, Interstate 270 and Manchester Rd (Highway 100). In addition, our community is a major retail hub serving people throughout the region, vastly increasing our population day to day. Determining the racial makeup of the motoring public in Des Peres is very complex, thus the true relevant data would be the comparison of traffic stops with the racial diversity of the St. Louis County population in general. Our department does not engage in discriminatory practices, and the department, and city, would not tolerate it if it were to occur. Any reference to the contrary due to the data compiled in the current manner for the Attorney General's report is unwarranted and erroneous.

Agency Public Comments:

158 Gladstone Dept of Public Safety

Agency Public Comments:

Gladstone is considered an “inner tier” suburb in the Kansas City Metropolitan Statistical Area. It is completely surrounded by Kansas City, MO, a densely populated urban center with significantly different demographics than Gladstone. Kansas City’s white population is approximately 59% as opposed to Gladstone’s *ge*79% white population. While Gladstone is primarily residential, it does have vibrant and active retail areas. These retail districts include big box stores such as Walmart and Home Depot in addition to grocery stores and other retail businesses. Because of these districts and the overall location of Gladstone, there are multiple thoroughfares and arterial roads with mass transit running through the city. These roads are used by many residents of surrounding municipalities to connect to the multiple state and interstate highways that run just outside of Gladstone’s city limits in addition to patronizing our businesses. When viewed from that context, it appears that at any one time, the majority of people operating vehicles inside the corporate city limits of Gladstone are not its residents. As demonstrated by submitted statistics, approximately 78% of the stops conducted by our officers are on vehicles operated by non-residents of the driving age population using your 2022 population statistic. Since the numbers clearly show the vast majority of individuals contacted by Gladstone officers during vehicle stops are not residents, comparing the demographics of these drivers to the demographics of Gladstone’s residents will result in flawed conclusions. Finally, as a CALEA nationally accredited organization, the Gladstone Police Department is continuously providing training to its members on such topics as bias-based policing and legal updates to ensure a well-trained, professional police force utilizing best practices in our profession.

204 Jasper County Sheriff's Dept

Agency Public Comments:

Some factors to consider when looking at the Jasper County Sheriff's Office index are as follows: Jasper County is a crossroads of two major US Interstates (I-44, I-49). We are also a thoroughfare of historic Route 66 travelled by a diverse cross section of people from around the world. We have 2 major Universities (MSSU, OCC) in our County and several large corporations (Conway Trucking, Tri-State Trucking, Eagle Picher, Leggett and Platt among several other businesses that employ people who do not live in our jurisdiction or state. (We border Kansas and Oklahoma) We also have a large mall that is in Jasper County. A lot of people traveling through our county, working in our county or going to school in our county do not reside in Jasper County. Our population for Jasper County is approximately 124,075 residence but the Chamber of Commerce estimates that on any given day there are over 200,000 people in our county.

Agency Public Comments:

224 Ladue Police Dept

Agency Public Comments:

The population “estimates” traditionally used in the Vehicle Stop Report (VSR) are not a true reflection of the racial diversity represented in Ladue on any given day and do not take into consideration the population of the surrounding area. As stated in the Attorney General’s report, “the Disparity Index is highly problematic because: i) it is sensitive to the choice of the benchmark population; ii) as a ratio, it is affected by changes in both the numerator and denominator; and iii) it is not meaningful to compare the Disparity Index across communities with different percentages of minority populations.” Ladue is home to several major thoroughfares, which are used to connect Ladue to people from all over St. Louis City, St. Louis County, and throughout Missouri. I-170 and US 64/40 both travel through Ladue, along with several city streets which all carry tens of thousands of vehicles through Ladue daily. The transitory population is far contrasting to the residential population and is more reflective of the demographics of this State and St. Louis County. Our concern is that the residential data used in the VSR varies greatly and does not provide an accurate account of the diverse transitory population that truly represents the diversity within the City of Ladue at any given time. Simply using St. Louis County, the State of Missouri, or any surrounding jurisdiction’s population percentages would drastically change the outlook of the Disparity Index and would more accurately reflect our department’s continued commitment to fair and impartial policing.

Agency Public Comments:

Maryland Heights has 2,084 businesses, which employ 41,374 people. Maryland Heights is the host city to Hollywood Casino, which had 3,701,505 visitors in 2023. The 20,000 seat Verizon Wireless Amphitheater had 450,781 visitors in 2023. The 4,500 seat Centene St Louis Music Park had 85,788 visitors in 2023. The Centene Ice Rink had 809,636 visitors in 2023. The city has 24 hotels with 3,689 rooms. Maryland Heights has 85 liquor establishments selling alcohol by the drink. Finally, the section of I-270 in Maryland Heights has an average daily traffic count reported by MoDOT of 138,200 vehicles. The annual demographics of the 50,443,000 vehicles on I-270; the 3,701,505 visitors to the casino; the 450,781 visitors to the amphitheater and the 41,374 people employed in Maryland Heights are not known and impact the validity of this report.

Agency Public Comments:

489 Weatherby Lake Police Dept

Agency Public Comments:

Mapping and navigational programs route motorists through the City of Weatherby Lake on two thoroughfares that connect to larger cities and roadways. Traffic studies have shown a significant yearly increase of automobiles that travel these thoroughfares on a daily basis. These motorists reflect a large number of non-resident drivers from outside the jurisdiction.
